Unlock New Levels of Productivity with Intelligent Scanning

As organizations across all industries undergo a digital transformation, robust scanning solutions serve as a crucial bridge between paper-based processes and fully digital operations. The RICOH SD Series delivers exactly what businesses need—a revolutionary new single pass document feeder (SPDF) for fast, easy document digitization, high-quality color output, and an intuitive interface—all while enhancing security, streamlining IT operations, and reducing environmental impact. Designed for versatility, these devices adapt to evolving business needs, unlocking powerful results by improving collaboration, efficiency, and cost-effective operations.

Key Features That Empower Productivity

Breakthrough document feeding capabilities

Experience unmatched flexibility with production-class SPDF in the new SD Series. Place your original documents in the feeder and press start—no need to worry about size or orientation. Intelligent detection handles it all, minimizing manual effort and ensuring precise results.

Versatile Media Scanning

Scan IDs, receipts, plain paper, thermal paper, envelopes, folded originals, bound copies, NCR forms, and more through the feeder

Large-Format Scanning

11" x 17" exposure glass for specialty needs

Large Intuitive Panel

Preview your scanned documents right on the 10.1" 3rd Gen Smart Operation Panel (SOP)

Broad array of paper handling options

Boost productivity with a wide range of media and finishing options. Choose from multiple paper input units and high-capacity trays to keep operations running longer. Create professional-quality booklets, stapled sets, brochures, and more with versatile finishing configurations.

Multiple Paper Source Options

2x550-sheet trays for additional paper sources

Large Capacity Input Trays (LCIT)

Optional 1,650- or 2,000-sheet LCITs

Stapling and Booklet-Making Capabilities

Saddle-stitch up to 80 sheets, staple up to 65 sheets, or bind up to 10 pages without staples

Internal and External Finishers

Choose between a 500-sheet internal or 1,000- and 3,000-sheet external finisher options

Innovation That Drives Your Business Forward

Reliable protection of your data

Mitigate risks and protect intellectual property with robust security safeguards designed to ensure smooth and secured operations. Advanced features help prevent unauthorized access and protect sensitive data, allowing you to maintain business continuity with confidence.

Hardened Android OS

Enhanced Admin Management

Expanded Privileged Account Controls

Always Current Technology

Trusted Platform Module 2.0

Optional Multi-Factor Authentication

The new benchmark in sustainability

Support your environmental commitments while reducing your footprint. The SD Series maximizes energy efficiency, streamlines digital workflows to cut paper waste, and embraces a circular economy-driven design.

Low-Temperature Toner

47% Post-Consumer Recycled Plastics

100% Recycled PET Toner Bottles

51% Less Single-Use Plastic Compared to Prior Ricoh Models

Technology that evolves with you

Ricoh's Always Current Technology helps you stay ahead with intelligent devices that grow with your business. Built on a secured cloud infrastructure, the SD Series enables on-demand updates, new applications, and the latest security enhancements—ensuring seamless, future-ready operations.

Ricoh Solutions to Elevate Your Print Workflows

Flexible add-ons to optimize your operations, tailored to your needs.

RICOH Smart Integration

Ricoh's Smart Integration allows you to personalize and enhance the capabilities of your IM C Series device with applications and solutions readily available from the cloud.

RICOH CloudStream

Simplify print, scan, and device management with a flexible cloud-based platform that reduces IT workload.

RICOH Streamline NX®

A scalable, integrated document management solution designed to optimize print, device, and scan management within mid-market and enterprise organizations.
